Verso Books. Paperback. Book Condition: new. BRAND NEW, Meltdown: The End of the Age of Greed, Paul Mason, Meltdown is a gripping account of the financial collapse that destroyed the West's investment banks, brought the global economy to its knees, and undermined three decades of neoliberal orthodoxy. Covering the development of the crisis from the economic front line, Paul Mason explores the roots of the US and UK's financial hubris, documenting the real-world causes and consequences from the Ford factory, to Wall Street, to the City of London. In this fully updated new edition, he recounts how the credit crunch became a full-blown financial crisis, and explores the impact of this development on capitalist ideology and politics.
