

The Poetic Species: A Conversation

By Hass, Robert. Wilson, Edward O.

Bellevue Literary Press. 1 Cloth(s), 2014. hard. Book Condition: New. Slim as a book of poetry and, like poetry, packed with vital ideas this small volume presents a conversation between social biologist Edward O. Wilson and past U.S. Poet Laureate Robert Hass, inspired by an unusual conference co-sponsored by the American Museum of Natural History and Poets House. As they explore the many ways that poetry and science enhance each other, Wilson and Hass travel from anthills to ancient Egypt and to the heights and depths of human potential. A testament to how science and the arts can join forces to educate and inspire, this book is also a passionate plea for conservation of all the planet's species. "The principle of consilience, or the unity of knowledge, infuses this conversation. The eminent duo explore echoes and parallels in their respective fields with eloquent concision, from Wilson's advice to poets ('Colonize science') to Hass's musings on the interplay of selfish gene and social imperative in imagination." *Nature* 96.
