Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Manual Latin Grammar Many of the best friends of classical education have long desired a manual of elementary instruction in Latin grammar, - which lies at the foundation of a classical course, - full and accurate enough to be a practical guide to the learner, but avoiding the prodigious multiplication of details, which have so overgrown that study in our ordinary school text-books. In attempting to meet this want, we have been guided by the following principles: - 1. To admit only what is likely to be really useful information to the learner, and nothing which he will be likely to look for in the dictionary first. 2. To avoid, as far as possible, all subtitles of theory and technicalities of phrase; and to illustrate every point, as it is stated, by examples in correct Latin, uniformly rendered into the corresponding English idiom. 3. To aid the eye, by the typography it an easy manual of reference. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
